The Hahn Family Story

For over 25 years, the Hahn family has used only the finest ingredients to create "old world" cakes and pastries. From your first taste of our German crumb cakes and all butter scones, you'll know why customers ask for us by name. Using our world famous recipes, each batch of our baked goods are prepared under the personal supervision of a family member. We hope your friends and family enjoy eating our delicious baked goods, as much as our family enjoys baking them for you.
